

Game: Dribbling into penalty area to finish

Attacking Learning focus: When to dribbling into the box to finish

Defending Learning focus: Defending 1v1

How to play

Play 4v4 plus GK's for each team. No one is allowed in penalty area, except Player from attacking team may dribbling there to finish.

-

Game levels (progressions)-children can move to next level

Only when they feel ready and achieved success in previous level.

- Level 2: Allowed defender track back an attacker into penalty area
- Level 3: The defending team have a player in penalty area already-
- Level 4: Following a breakthrough, all players can enter penalty box

Decisions, challenges & questions within the game

- Player on the ball-recognize when to dribble into box to finish?
- Player with the ball-recognize how to finish in relation to GK position?
- Player with the ball-how to dribble to beat an opponent?
- Player with the ball-changing directions to confuse defender, recognize moment to catch him/her out of balance?
- How intelligent defending looks like- ability to win the ball and have the ball. Where to force player with the ball?
- Other member of the team clear space for dribbling-movement
- Individual challenges based on children needs and development

losing the ball rarely and is hard to take the ball away
loves the ball and able to keep it under pressure
First touch positive

show ability to change direction and confused defender on more than one occasion
can stop and start fluently

find different ways to beat defender (solving problems)
defender show determination to win the ball back cleanly
Attacker is creative with the ball

play rock paper scissors. Whoever lost share experiences about the game i.e. what went well?
