

Game: One-way street! Can I run with the ball forward?

Learning focus for attacker: intelligently running with the ball
Learning focus for defender: intelligent defending to win the ball back

How to play

Children (blues with the ball each) trying to run with the ball from one end zone to the other. 2 points will be awarded if enter end zone without combining with blue player in the middle zone. 1 point will be awarded for enter end zone when combine play.

(reds) upon winning the ball trying to get the ball into end zone they were facing.

Game levels (progressions)-children can move to next level
Only when they feel ready and achieved success in previous level.

- Level 2: Use 2 footballs only
- Level 3: An extra point awarded if 1 touch pass forward is made by support blue attacking players in middle zone
- Level 4: Use goals-if successfully get the ball into end zone can score. Reds (defenders) can make recovery runs in end zones. If reds win the ball back and score with at least 1 ball blue team became a defending team.

Decisions, challenges & questions within the game

- Why you need to use your eyes for?
- What you need to be aware of and why?
- When to run with the ball forward and when to combine-can you recognize moments to make correct decision?
- When to run forward and when not to-ability to confused the defender
- How intelligent defending looks like-ability to win the ball and have the ball at the same time
- Individual challenges based on children needs and development

losing the ball rarely and is hard to catch.
 loves the ball and able to keep it against more than 1 defender

show ability to change direction and confused defender on more than one occasion
 Attacker and defender can stop and start fluently

find different ways to beat defender (solving problems)
 defender show determination to win the ball back cleanly
 An attacker is creative with the ball

Attacker and defender play rock paper scissors. Whoever lost share experiences about the game i.e. what went well? -Reflective practice
